We're still here making a difference!

Just because this is a Christian workplace and some people may think that it should be a wonderful place to work... and it is ... don't get me wrong... and that everyone is always singing 'hallelulah!', that isn't always the case. Sometimes working at the station means drudgery and the daily grind like anywhere else and that can mean I go home from work a bit flat to say the least.

I have to constantly remind myself of the amazing and dare I say... AWESOME...potential that broadcasting God-inspired music and programs 24 hours a day can mean. The little glimpses we get of the huge impact that the station means in peoples lives keeps me here. It keeps me doing the daily grind. Just a taste of stories... and I'm sure we only hear the tip of the iceberg...people tell about the station keeps us all here.

Pity you weren't here to hear them. Is the Lord calling you to be a part of the station in some way? What about your skills in paper work or encouragement or systems management or.... The possibilities are endless. Please give us a call to help out.

On another topic, we have had a good number of people lately, signing up to a small donation monthly. Our deepest thanks go to Keryn \$20, Kevin \$30, Karen \$20, Phil \$100, Diane \$50, Helen for \$200, Herb \$20 and Boyne Tannum Christian Church \$220. Bless you all for your faithfulness.

If you would like to do this i.e. giving a small amount every month... *and getting a tax deduction...* please call us to find out how.

Blessings.... Vicki

Trinity College values Rhema.

In April, the student council of Trinity College held a free dress day to raise funds for Rhema. They raised \$375.75 which was the highest raising free dress day in the history of the school... **Well done and heaps of thanks students, parents and staff!**

Here's what they wrote in the accompanying letter: *"Rhema FM 91.9 has been a valuable part of our school, both to listen to and also for students to visit on excursions to see the work of the wider church and Christian organisations in this city."*

Quote to think about: We need to avoid rash presumption in deciding that calamity and misfortune are always the due judgments of God. When blindness overtook John Milton, King Charles II chided him by saying that this visitation had come because he had opposed the king's father, the former ruler. Calmly, the great man of letters replied: "Nay, if I have lost my sight through God's judgment, what can you say of your father, who lost his head?"

Cause and effect, the inter-working and outworking of good and evil, are too complex for finite beings to assign unerring reasons for everything that happens today. - H. W. Lowe

Need a smile? SMILE: The sign says: "Ears pierced while you wait." Darn! I wanted to leave them and pick them up later.

The music was Country... the message was Positive...

God's Own Country – our quality country music show - has ended after over 300 episodes.. We were airing this on Saturday afternoons and to date we haven't found a program of the same standard to replace it but we'll keep you informed.
