'I CRIED OUT WITH NO REPLY AND
I CAN'T FEEL YOU BY MY SIDE SO
I HOLD TIGHT TO WHAT I KNOW
YOU'RE HERE AND I'M NEVER ALONE.
ALONE AGAIN NOT TO SEE YOU AND I CAN'T
EXPLAIN WHY SUCH A DEEP DEEP REASSURANCE,
YOU PLACED IN MY LIFE" BarlowGirl 'Never Alone'

So goes the song which has ground deep within my mind and heart for the last couple of weeks...

All the struggles that we've had over the last 12 months are finally starting to sort themselves out. And there are, as you will read later in the newsletter, some great things happening at the moment. Sometimes, my feet feel like they're made of clay and how much more can I take. (Maybe I need a holiday?) Then along comes a song like this and I am encouraged that the deep deep reassurance 'BarlowGirl' is talking about is all I need. Even when we don't feel like He answers our cries! *Call me and I'll put it on for you.*

Did you hear that we have a new Production Assistant in Bernie Walters who comes from Toowoomba? She also works as an after school carer. She attends the Star of the Sea Catholic Church. Welcome Bernie!

I was honoured to be invited by the Met Bureau to the opening of the new radar (the big white golf ball which now stands where our offices and studios once stood). Rhema received a mention in that we were called 'good sports' for having to move everything. After the official ceremony, we all drove up to the hill to have a look at the new radar. It's all very clinical and all the graceful charm of the old building is gone. Oh well... such is life. This year's Mayoral Prayer Breakfast will be hosted by Rhema FM 91.9 again. And it is shaping up to be the best ever. Gladys Staines is the speaker and many Mums will remember her – she was a Maternal & Child Health Nurse here in the '70's. She lost her husband and two sons to rebel Hindus in India. Her story is amazing! Phone to book your seat before 3rd May.

Trish Gore is coming in to volunteer on Tuesdays. Thanks heaps, Trish, for all you do!

Bless you heaps! Vicki

Community Broadcasting Foundation

We have been successful in receiving two grants in the last couple of months - \$7,000 to supplement Station Manager's wages, and \$2,400 to buy satellite equipment and access the Community Broadcasting Assoc. network, ComRadSat. When the satellite is up and running it will mean the news will be back on (because the receiver will be access the two providers – UCB for news and CBAA for other programming - on the same satellite) and we will be able to add to our programming. One program we want to add is a contemporary Christian music program 'Fresh'. There are also a few other Christian programs available. Keep you posted!

IN March we also made application with the Community Broadcasting Foundation for assistance with transmitter equipment. Firstly, Stereo Transmitter Links which if successful will mean we no longer have to broadcast via a shocking phone line! Yea! And secondly, for a new transmitter. Hopefully, we will be able to improve our service to you with the addition of this new equipment.

Technical Problems continue! We are still only broadcasting at 18 watts and less. The purchase of a special isolator will hopefully fix the problem of the transmitter not 'talking to' the new combiner. Thanks for your prayers for this problem. It's teaching us patience if nothing else!

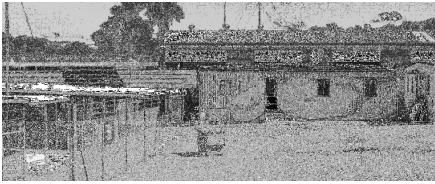

God has extraordinarily few rules!

Music news We have some wonderful new music in at the moment (Not to mention the BarlowGirl song.) Phone and ask for a listen to the new Nicole C Mullen song "I am" or Rachael Lampa "When I Fall" and Christian City Youth and the "No Longer I" album.

There is no such thing as business ethics, there is only ethics which are the same in the home, workplace and church and wherever we go and whatever we do.

Plenty of people have asked us where we are – they come looking but can't find us! Go to the Goldings building in Lyons Street. Drive into the compound on the city side of the building, go through the gate then swing directly to your left and you will see our humble donga.
